

THURSDAY.....MAY 21, 1857.

17 McDonald's Galvanized Iron Refrigerator is no experiment. They have been in successful operation for upwards of ten years, to the gratification of those who have them in use, as their certificates will show, and are now the most approved before the public. The improvements recently added, by which the most perfect ventilation is insured, a great saving of ice has been obtained, more frigid air produced, and durability increased, certainly place them far in advance of anything ever offered for public patronage. PERSONAL.

Alex. W. Thomas has been nominated for the Legislature, from Spencer county, Ky.

Letters for V. Stratton and John Shumit, of this city, are detained in the St. Louis post office for want of postage.

The convention to nominate a candidate for Congress in the Eighth Congressional district, will be held at Cynthiana, on Friday next, 22d inst.

The Paris Flag says that Chas. P. Talbot is the Know-Nothing candidate to represent Bourbon county in the next Legislature. The brethren have been holding an election there for the last week, and he turned up the trump card.

The old board of directors of the Lexington and Frankfort Railroad have been re-elected, viz: W. A. Dudley, F. K. Hunt, Benj. Gratz, and Joel Higgins. Philip Swigert, of Frankfort, and Madison Johnston, of Lexington, are the directors on the part of the State.

STEAMER ARIZONA SUNK.—We learn from our St. Louis exchanges that the steamer Arizona, Captain Herdman, bound to St. Louis, with a large cargo of flour, grain, lead, &c., in attempting to pass down on last Sunday morning, struck her stern against one of the stone piers of the bridge at Rock Island, breaking a hole in her stern and tearing away the rudder-post, and causing the boat to fill and sink in ten feet water in a few minutes after the accident happened. As soon as possible after the boat struck, she was rounched in to shore above the bridge, and went down. The Arizona was a new and valuable boat—the second trip. She was owned in Pittsburgh. The cargo, which was a large one, will be badly damaged or totally lost, with the exception of the lead.

THE TROUBLE AMONG THE COAL INSPECTORS.—The issue between Mr. Miller, the former coal inspector, and the present officials, Messrs. Kirk and Collins, has not been finally adjusted. The master has been submitted to Judge Johnson, of the Circuit Court. Judge Bullock has the matter under advisement, and a decision is expected from him in the course of a few days. It will be remembered that a motion has been made for a writ of prohibition against Mr. Miller to restrain him from disinterring measurements, his term of office having expired.

THE LEXINGTON AND FRANKFORT RAILROAD.

From the annual report of the directors of the L. & F. Railroad, we learn that the receipts of the road for the last year have been \$95,897 59, and the expenditures \$50,495 46, leaving a net profit for the year of \$45,192 13. From these profits there have been declared two dividends of three per cent. each—about two per cent has been appropriated to the sinking fund, and about two and one-half per cent. to the contingent and renewal fund. The total profits, therefore, exceed ten per cent. on the capital stock of the company.

LA GRANGE'S CONCERT TO NIGHT.—We presume there is no lover of music in this city who does not feel anxious to attend Madame La Grange's grand concert to-night. Her merits as a vocalist, there can be no question that she ranks very high, and her assistants are all represented as being excellent musicians. Mr. Guyan, the pianist, we are told, is a pupil of Thalberg, and a most excellent performer. It needs but a look at the programme to satisfy any one that a fest is in store for all who may be present to-night.

MONS. COLLIERE.—We are informed that a project is on foot among some of our musical people, to secure Mons. Colliere as a teacher of vocal music in this city. He has been some two or three years in Cincinnati, where he is very popular, and it is thought that students of music in Louisville will gain largely by his sojourner or residence among them.

IRVING'S LIFE OF WASHINGTON.—All lovers of biography—all who revere the name of the great and good Washington, and all who delight in Irving's works—will be glad to learn that four volumes have now been published, and that the agent, Mr. Dickens, will call on citizens for subscriptions, or he may be found at Frank Madden's book-store.

CIRCUIT COURT—CRIMINAL TERM.—Vander Morris, charged with the murder of Ingolds Webber, in this city, on New Year's night, 1856, was acquitted yesterday.

An Irishman, convicted of having an old pair of green pants and a worthless coat in his possession, the property of another, was found guilty, and sentenced to the penitentiary for one year. The lighting of public buildings as at present conducted, is a slow and troublesome job. After the introduction of electricity it will be effected with the rapidity of thought.

REMANES.—John Skinner, who, in a fit of drunkenness, had attempted to occupy a market-wagon on Tuesday night, and Mary Quinn and Martha McGill, old denizens of the work house, were sent out to that institution by Judge Johnston yesterday for drunkenness.

THE female institute in Bardstown, owned by Mr. Grubb, caught fire on Sunday night, and was damaged by the burning of the kitchen, wood-house, store-house, and other out-buildings. The property belonged to Mr. Grubb, and was not insured.

TO-DAY (Thursday) is the anniversary of the Ascension of Christ—one of the most noted of holy days in the religious calendar. Among Catholics, Lutherans, Episcopalians, and other Christians it is observed as a season of oblation and prayer.

WE learn from the Natchez Free Trader, of the 11th inst., that a man named Kelly was killed in that city the day previous, by a man named Prowan. The homicide was arrested.

BY a recent arrangement, the night police for the city go on watch at 8 o'clock in the evening, and ring the day-bell at 4 in the morning, at which time they are relieved.

AN ordinance warrant against H. L. Pope, for allowing certain cisterns to remain exposed, was dismissed from Police Court yesterday, at the defendant's cost.

THE race over the Association Course, at Lexington, will commence on Monday next, and continue through the week.

Awarrant against S. Rothschild, for creating a nuisance on his premises, was continued in Police Court yesterday.

YESTERDAY was a beautiful, sun-shiny day—an earnest, indeed, of spring.

JOHN Doyle, upon a charge of unlawfully fast driving, was fined \$5 in Police Court yesterday.

THE policemen of the eastern district rendezvous at present at the livery stable of E. D. Prentiss, Esq.

A policeman of the Third Ward had an altercation with a citizen last evening, which had nearly resulted in a fight.

GEORGE Northcutt, an old citizen of Paris Bourbon county, died suddenly of apoplexy at his residence, on Saturday last.

Nearly all the brewers of the city have been indicted for driving their wagons about the city without license. The warrants against them were continued in Police Court yesterday.

THE SCRAPER—By the Ladies' Sewing Society for the benefit of the First Presbyterian Church in Portland, will be given in the church on Portland Avenue, Wednesday Evening, May 27th, at 7 p.m. The ears run till midnight.

FIRE LAST NIGHT.—The fire at 10 o'clock last night was in an upper story of Mrs. A. Barries' confectionery and toy store, in Third street, near Main. The damage by fire and water was about \$2,000, which is covered by insurance. The building sustained no damage.

NEW THEATER.—A new German theater is to be established in the garden at the corner of Jefferson and Hancock streets, in this city, by Mr. Elmer. The scenery, appointments, &c., are about ready, and the first regular entertainment will be given on Monday evening next.

LAMENTABLE.—We have just received the painful intelligence that a son of Mr. Wm. P. Negley, recently of this county, was drowned last Friday at his father's mills on Green River. While coming off the boat his pocket was picked by some adroit scamp, and as yet no clue has been obtained by the perpetrators of the crime. The parents of the deceased were entirely destitute, and the boy, a lad of 12 years, is a laborer by the way, and is "well to do" in the world. He had in his stolen wallet some very nice fish-hooks—being a perfect Jack Walton—which he regretted losing more than the money; in fact he offered a policeman the money if he would recover him the private papers and the fish-hooks. *Albany Bee, Jour.*

THEATRE.—What crowds the Ravel's draw and what shouts of laughter! It would do a philanthropist good to see the crowd swaying to and fro bursting with delight, and hear their shouts. Gabriel is a host in himself—France is not far behind him—and little Master Geo. Ravel, wonderful to behold. See the tilt for to-night—Jocko, the Ape, rope-dancing, &c. Of course, the house will be crowded again.

THE MIA LINE.—The Governor of Pennsylvania has signed the bill for the sale of the Mia Line, and it is advertised to be sold at public auction in the Merchants' Exchange, Philadelphia, on Thursday evening, the 24th day of June.
